

Season pass

Benefits and T's & C's

Our Season pass entitles the holder to unlimited entry to The Bug Parc for one full year from date of purchase.

Season pass holders do not need to book in advance.

Handling experiences are available as a chargeable option for a season pass holder visiting the Parc. We advise pre-booking during our peak periods e.g. school holidays, weekends etc to guarantee securing spaces.

We offer 10% discount on food and drink purchased in our on-site Chrysalis café for the SEASON TICKET HOLDER ONLY.

We will need to see a valid season pass for each meal ordered. (It is the responsibility of the pass holder to show café staff the season pass before completion of the transaction. Once the transaction has been completed, no refund will be given)
