Welcome to

The Bug Parc

Thank you for visiting one of the most unusual, unique zoo's in the UK. As well as a gift shop and café, we currently have four amazing visitor centres with 15 separate zones exhibiting many different invertebrates.

Feel free to visit each area as many times as you like.

KIRBY HOUSE

- Introduction to invertebrates
- Night zone showing animals active at night
- Scorpions, tailless whips & vinegaroons
- Pinned butterfly museum and chrysalis hatching station

HINTON HOUSE

- Grasshoppers, katydids and crickets
- Praying mantis
- Cockroaches, assassin bugs and leeches
- Snails and crabs
- Shell and coral museum
- Spiders and tarantulas

COMSTOCK HOUSE

- Millipedes and isopods
- Stick and leaf insects
- Leaf cutting ants
- Beetles

BUTTERFLY HOUSE

A tropical oasis of exotic plants, kept at a humid 30 degrees displaying some of the most beautiful butterflies from around the world as they flit around you on your walk around the house.

Visit as many times as you like throughout the day.

Thank you for visiting, we hope you have a BUG-TASTIC time. If you have enjoyed your day please tell your friends and share a review on trip advisor, google or social media.

Thanks...
